

## **W Retreat & Spa Vieques Island Unveils Dining Details**

*July 24, 2009*

Opening in November, W Retreat & Spa – Vieques Island eight miles off the coast from Puerto Rico has tapped chef Alain Ducasse to oversee the resort's entire F&B program. miX on the beach will serve as the W's signature restaurant, where Ducasse will craft a menu featuring fine ingredients from land and sea.

In the Living Room, guests can access the patio and firepit, surrounded by palm trees and sugary beach. At Wet, signature cocktails and Mediterranean cuisine are available while visitors can lounge by two dramatic pools. W Cafe, meanwhile, offers quick take-away meals packed in gourmet picnic boxes.

A world-class design team is responsible for W Retreat & Spa – Vieques Island: lead designer Patricia Urquiola of Milan based Studio Urquiola; David Rockwell of the Rockwell Group, serving as consultant on the project; San Juan, Puerto Rico-based architect, Sierra Cardona Ferrer; and landscape firm EDSA out of Fort Lauderdale, Florida.
